

It's easy to smile when riding transit,

which is how I prefer to get to work. I like the downtime I get

on the bus; I read or listen to my music. It's

my 'me' time - totally stress-free.

Plus, it's cheaper than driving, so I'm saving money.

My commute fits me just fine!

Let DART's Rideshare Delaware give you a reason to smile with a better commute in a carpool, van-pool or on public transit, free emergency rides home from work, plus the chance to win some great prizes just for sharing the ride!
